

# Digital Environment Health & Safety Suite

Benchmark Gensuite's EHS Core Package empowers companies of every size and scale to address their critical safety, health, environmental compliance, and sustainability reporting needs, all from one seamless platform.

## Building Blocks for EHS Excellence The Best-Run Programs Start Here

Over the past twenty-five years, Benchmark Gensuite has partnered with companies of all industries and operational profiles to digitally transform their EHS programs. Our core package distills all the elements we recommend for best-in-class EHS performance.

Choose and start with the applications you need based on your unique goals and requirements.

Incident Management

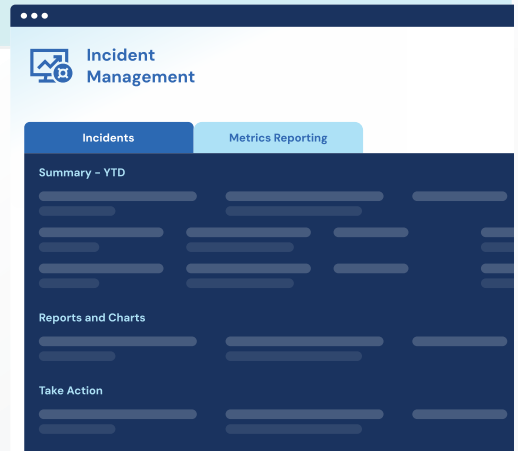

Concern Reporting

Compliance Obligations

Audits & Inspections

Corrective Actions

Sustainability Reporting

## Benchmark Gensuite Customers Gain:

### ✓ Built-in Best Practices

The Benchmark Gensuite platform is grounded in peer-developed, best practice workflows, evolved over time to reflect advancements in the field, and available to all subscribers. Forged through pilot programs; tested, deployed, and refined by industry leaders.

### ✓ Measurable Value, Fast

Unlike other providers, you don't have to worry about endless implementation. Tested against high-complexity programs, our core solution can deploy within 90 days with flexible, turnkey configurations. No missed deadlines, only commitments honored.

### ✓ Future Proof Tech

We offer powerful, embedded business intelligence and practical AI tools purpose-built for EHS tasks. With Benchmark Gensuite, you'll always be first to what's next.

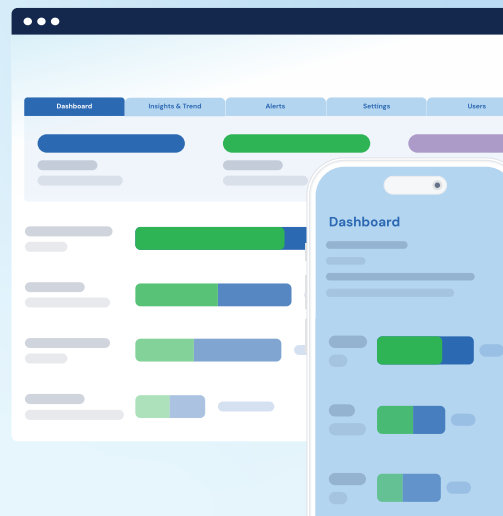

**Join the Best. Evolve the Best.**

## Seamless Solutions for Universal Needs. Regulatory-specific Needs. Emerging Needs.

Your goals will change over time — that's true for our customer community of leading EHS practitioners.

We offer an extensive, flexible suite of applications, deployed a la carte to meet any programmatic need of today, or tomorrow.
